# RIO CONSTRUÇÃO

The largest  
construction event  
in Latin America.

An immersive experience of  
business, debates, and innovation  
in the construction industry.

SEPTEMBER 24th TO 26th

Pier Mauá in Rio de Janeiro

---

# UNIQUE OPPORTUNITY TO LEARN ABOUT THE SECTOR

The **Rio Construção Summit** is a platform for continuous knowledge that encourages the development of the construction industry, facilitates innovations, and promotes the exchange of experiences and business opportunities.

Highlighting **innovations and trends**, the 2025 edition will address topics such as productivity, digital transformation, low-carbon economy, reducing the housing deficit, improving infrastructure in Brazil, and the use of AI in the sector.

The event will feature conferences, workshops, debates, awards, and interactive sessions, offering a **unique opportunity** to learn from national and international leaders and experts.

Interactive Sessions

Immersive Experiences

Workshops

Meeting with industry Leaders from Latin America

## AUDIENCE

Meeting point for entrepreneurs and executives from the construction chain, authorities, specialists, engineers, architects, workers, students, and teachers.
