WORD FROM THE DIRECTOR GENERAL OF THE IPA

ABOUT THE 5TH EDITION

At a time when global economic balances are being reshaped and Africa is establishing itself as one of the main drivers of global growth, Cameroon has chosen to pursue an **open, resilient economy that is firmly focused on productive investment.**

Thanks to its geostrategic position at the heart of Central Africa, its wealth of resources, its human capital and the reforms undertaken to continuously improve the business climate, our country now offers a **favourable environment for investors seeking sustainable opportunities.**

The **Cameroon Investment Forum (CIF) 2026** is fully in line with this momentum. More than just an event, it serves as the leading platform dedicated to promoting investment, fostering public-private dialogue and forging value-creating partnerships.

Under the theme **«Exploring new opportunities, investing in stability and growth: Cameroon, a strategic hub of the new African economy»**, this fifth edition reflects our ambition to establish Cameroon as a key destination for domestic and international investment in the long term.

Over three days, investors, public decision-makers, financial institutions, and technical and financial partners will come together to turn opportunities into concrete investments.

M. SHINWIN BOMA Donatus

I welcome you to the Cameroon Investment Forum 2026.
